

INFLATABLE DUMMY

DDH DOUBLE IPA

During 1944, a clandestine U.S. Army unit composed of artists, architects, actors, and designers was called upon to conduct one of the most creative missions in military history. The Ghost Army, as they came to be known, consisted of deception specialists who forged whole phantom armies using inflatable tanks, voice-recorded radio conversations, sound effects, and stage illusions. These advanced tactics fooled the enemy and saved an estimated 40,000 lives. Their story remained secret for over 50 years, until it was made public in 1996. Inflationable Dummy is the second release in our Ghost Army DIPA Series, honoring their bold creativity and the surreal tools of their trade.

INFLATABLE DUMMY DDH DOUBLE IPA

is a vibrant, fruit-forward Double India Pale Ale bursting with a wide range tropical fruit and citrus character. Double dry hopped with NewZilla hop blend, a collaboration with Hop Alliance and Pikimai Hops, this bright and effervescent brew delivers juicy notes of guava, apricot, tangerine, and lime zest. A subtle hint of bitterness on the finish balances the refreshing, fruity flavors.
